## DEAR FIENDS,

Many times in our Christian linguistic usage we use the word »grace«.

This fact has motivated me (Dirk) to engage in the meaning and nature of the divine grace.

The word »grace« describes a freely given favour and kindness that is impossible to earn for the receiving person. »Giving grace« doesn't only mean to grant favour or to make a present to somebody but to make the whole person acceptable and pleasant. Like it says about Mary:

»You are highly favoured.« (Luke 1, 28). So we are also highly favoured and God is freely presenting us with His deep love in our daily challenges. He is providing us with His Holy Spirit and everything we need.

A deep understanding of grace will cause our focus to turn away from our own possibilities towards God's possibilities. Grace thinks »YOU«: God, YOU overcome in me. God, YOU cure me. God, YOU supply me. God, YOU strengthen me. God, YOU build your kingdom ...

This »YOU« puts all trust and faith in God and gives Him the chance to act. It brings relaxation to our life, lifts stress and enables us to redeemed acts of faith.

The deeper we grow into this »grace thinking« and learn to receive, the easier it becomes to counter the coming challenges; because then we will live in the awareness: Christ in us will release love, solutions, answers, strength, boldness, hope and faith, and we will be able to walk in His prepared ways (Eph. 2:10). It's my heart's wish for all of us that we might grow in the grace and knowledge of our Lord and Saviour Jesus Christ (2 Peter 3:18).

## INTERNAL

In this newsletter I write a little bit more in detail about the internal processes of our fellowship, with the hope that it helps You, to understand Your own processes better.

Over the last years we have been dealing with the sub-

jects »fatherhood« and »identity«. In doing so we realized that we and many others are adversely affected by an orphan spirit and that God wants to lead us into the reality of sonship. This truth is necessary to deepen the trust and the love relationship to God and to grow in faith and understanding of the possibilities of this »Christ in us« and »Christ through us«. Notably it became clear to us, that in our personal life and also the daily living with each other, we predominantly have lived from the »tree of knowledge« and less from the »tree of life«. Appeals thereby were directed against each other and oneself and exorbitant expectations were put on people.

The life of the tree of knowledge is a fruit that feeds orphanhood. Because the orphan thinks that he has to manage everything, including the personal processes all alone, without God, godless. This in turn leads to exhaustion, weariness in soul, body, and spirit. A son on the other hand lives out of grace and is generally a receiver of life. He doesn't just live out of a theoretically knowledge but in the knowledge also receives the life of Christ. The view is turned away from himself towards Christ. Therefore a life out of sonship is also able to release others into life without putting expectations on others. The spirit of sonship expects everything from and believes in Christ in the other person.

It happens a recognition in the spirit, as Paul expres-

ses in 2 Kor. 5:15 - 17: And he died for all, that those who live should no longer live for themselves but for him who died for them and was raised again. So from now on we regard no-one from a worldly point of view. Though we once regarded Christ in this way, we do so no longer. Therefore, if anyone is in Christ, he is a new creation; the old has gone, the new has come!

That does not mean that there are no more conflicts. But it brings a spiritual atmosphere of releasing each

other and an honest willingness to correction. In this development we are learners and receivers!!!

### SEMINARS

For the first time we will run an intense week with the subject »Living in the Supernatural« from the 23rd to 28th of August 2010. Besides substantial teachings and practical guidance there will also be enough time for private quiet times as well as recreation in our beautiful garden.

Therefore, it's a good opportunity to combine this week with a personal summer vacation!

We are also very glad that the »School of the Apostolic« has brought in positive reactions and feedbacks. The first training block, »Apostolic Lifestyle«, took place over the Eastern days from the 02nd to 05th of April. For further details to our seminars please visit our website [www.weitopen.de](http://www.weitopen.de)

### MEDIA

The aim of our work is to release individuals in their destinies, identities and the experiencing of God's reality and that the Kingdom of God spreads out more and more. Therefore, by our media offer the word of God and the life-changing power of his spirit shall bear divine change in many people.

That's why we, after a long time, again published a media brochure (Presently, most messages - except for the preachings of Pat Holloran - are only available in German - sorry!). Mario is already excited about many packages that he will be able to get off!

In addition, for a short time it is also possible to buy and download various messages from our media offering for a cheap price as MP3-files from the Internet. The web page is: [www.crosslife.eu](http://www.crosslife.eu)  
We wish You a joyful time listening, seeing and receiving!

### COME, HOLY SPIRIT

In the last newsletter I had reported of the prayer meeting in Berlin, on which we welcomed in the Holy Spirit into Germany again. Since then, I have heard on different meetings as well as read in Christian magazines that the subject »Holy Spirit« is coming more and more into focus. It is written and reported more and more about the person of the Holy Spirit.

The (secular) magazine »Der Spiegel« published in issue No. 7/13.02.2010 a cover story on the subject »triumph of sin« brought out. The article is steeped in anti- godlike attempts, but it also terms sin again as what is: sin.

I look at this as a work of the Holy Spirit, who comes to convict the world of sin. Therefore he uses a well known magazine which is read by hundred thousands of people. Thanks to God! Please keep on inviting the Holy Spirit in your personal lives as well as in our nation and ask Him for filling and releasing. I believe that He enjoys and loves it to fill, give, and change us.

### RUSSIA

In February, Klaus had been away again for 2 weeks in Vorkuta and Nischni Nowgorod. God is calling to train, strengthen, and encourage churches and individuals in the prophetic, in unity and in the process of character transformation as well as to support the processes of reconciliation between churches and the different spiritual streams. Klaus could experience how God is showing himself and assisting in the small and big development steps. People are experiencing deep inner changes and a release in their destinies.

Because of the gracious financial support from some of you it has been possible to help an entrepreneur economically back into self-employment. He was able to reopen his body shop again and God blessed him immediately with good and productive orders. From his whole heart he says to all supporters: »Thank you!«

In September, Klaus and I will again travel to Russia for three weeks to run seminars in different churches and strengthen pastor roundtables.

### THANKS

Many of you are telling us over and over again that you are praying for us and recommending our ministry to friends. This kind of spiritual support and »advertisement« produces astonishing fruits: Last year we had with almost every seminar up to 1/3 first guests among the participants, that got to know of our work on personal recommendation. Sincere thanks are given to all of you for every spiritual commitment, good publicity and financial support!!!

**On behalf of the WEITOPEN! team we send you our love and wish all of you a blessed and warm springtime!**
